Dear Poh Kin

I refer to your letter dated 25 Apr which I received today. Apologies that today is considered the 9th day. You or your colleague have called me on 23 Apr. Since then till now, I have yet to receive the TP report. Please advise whether you would hold off the negotiations till you have sighted the report. Based on the report and scenario you have on hand, are you able to let me know the possible outcomes I should consider given your vast experience in handling similar cases?

You have also mentioned that my NCD will be reduced by 30%. Are you able to let me know the amounts payable for the upcoming renewal, the next year and so forth until it goes back to 50%?

Thank you.

Regards
Cynthia
