Brief Details.

On the above mentioned date time and place, I was driving my vehicle bearing registration number SHD38B along PIE towards Changi near to BKE when I met with an accident. I was driving my vehicle along the second lane.

Out of a sudden, I felt an impact from the back of my vehicle. I then realised another motorcycle bearing registration number VY4453 had collided onto the left corner and left side of my vehicle. I do not know how it happened.

The police and ambulance came to my scene. The motorcyclist was conveyed to hospital for treatment.

The van behind the motorcyclist managed to stop in time to prevent hitting the motorcyclist.

The van driver then informed me that the motorcyclist wanted to overtake me and accidentally hit onto the rear of my vehicle. The van driver informed me that he has camera footage in his vehicle and is willing to be a witness. I do not have the details of the van driver. The van registration plate number is GBA9559S.

I wish to further inform that I have a passenger in my vehicle however he was not injured.
