### Brief Details.

On the 07/03/2018 at around 1845hrs I was driving my husband's company van bearing plate number GX6533E along Jln Eunos heading towards Bedok. The traffic at that point of time was not heavy and it was not raining.

As I was driving along Jln Eunos I then entered into the slip road leading into PIE(Changi) at that point of time I did not see any cyclist in front of me or to my left and right side of the van as such I then continued on. As I was nearing the zebra crossing at the slip road I was then started to slow down my van before the zebra crossing. As I approached the zebra crossing there was no cyclist seen at the front, left and right side of my van as such I then carried on driving at slow speed.

Suddenly I spotted something appeared out of the left side of my view as such I immediately sounded my horn and applied my brakes and brought my van to a stop. After stopping the van, I then got out of the van to make a check and discovered a female cyclist sitting at the side of my van. The bicycle was observed to not be damaged and the cyclist was seen to have suffered slight injuries to the left knee cap area. I then asked the cyclist if she needed ambulance and also offered to bring her to the nearest clinic which she agreed. As such the cyclist then got on to my van and placed her bicycle on my van and I drove her to Access Medical Clinic located along B/18 Bedok South Road.

After I had arrived at Bedok South, I went with the cyclist to the clinic to see a doctor, half way through the waiting period to see the doctor I told the cyclist that I needed to attend to some matters which she acknowledge. I then exchanged contact number with the cyclist and left the clinic.

At around 1940hrs as I was proceeding back to the clinic I received a call from the cyclist who informed

me that the doctor had advised to Changi General Hospital as such she told will be going to Changi General Hospital and asked me to proceed back to the clinic which I acknowledge. A few minutes later I received a call from the Traffic Police and was informed by the officer that the traffic police investigator would be proceeding to the clinic and for me to also proceed back to the clinic which I acknowledge.

At around 2005hrs I then arrived at the clinic however I could not find the cyclist and was informed by the clinic staff that the female cyclist left. I then asked if the Traffic police investigator was around and was told by the clinic staff that the investigator had also left. However I decided to wait around the clinic and few moments later I spotted a traffic police officer and went over to him and informed him that I was supposed to meet with the traffic police with regards to the incident. The traffic police officer then interviewed me and took a look at my van, my van did not sustain any damaged to it. I was also informed by the traffic police officer to lodge a traffic accident report at the nearest police station.

This is the first time that this had happened to me, there is no camera installed in the van.

The name and contact number of the cyclist is namely Catherine(HP: 85461727)

That is all.

Should I call back in a while?

Hi Catherine sorry I'm driving. Is it possible to text me?

Can can.

I'm ok generally. Took some X rays and waiting now to see the doctor for the last time.

I was told to go to the police station to complete the report. Would you be able to go there with me later? I don't intend to press any charges on you. But will need the report for insurance purpose - trying to see if can claim from them.

Yup. The traffic police also asked me to go to the police station to make a report and I went to do it already. I'm afraid I couldn't because no one look after my son for me. :(

So sorry

But I want to check with you if we private settle this without claiming insurance is it possible?

I see i see. I will find my way to the police station later then.

Im okay without going through the insurance for today's.

The only thing im worry about are the potential future side effects which the doctor told me just now.

If those mount to a big sum i will prefer getting the insurance to pay the bills but not from you. But for that to happen i will need a report at the moment.

I think i will just do the police report today and not claiming from the insurance this time.

Will that be okay for you?

Are you ok? Sorry because my Son got no one to look after at night.

Sure thank you so much 🙏

Oh what you are working as?

Noted noted. Let me know la.

I'm a medical engineer. During weekends i sometime teach scuba diving, hence the out to the sea thing.

Oh no wonder.

I thought could have brought you home earlier to rest. Never thought it would be in the hospital that kind and cause such a delay for you. :(

Lol. Thanks for the thought.

Let's see if we can meet tmr.

Otherwise, have a good rest ah. Im really okay.

Thu, 8 Mar, 8:31 PM

Hi Tiaoli.

Hi Tiaoli.

I'm thinking if we can meet tomorrow during the day or Monday in the evening to settle the medical bill (\$120, can show you the bill) and the bicycle. We can meet elsewhere if Siglap is far for you.

I will be away starting tmr evening and will return on Sunday evening.

Will probably need your help to find a replacement for the bicycle as the lower bracket and wheel seemed damaged from the quick view yesterday.

Will these work for you?

Hi Christine. Tomorrow till next Friday I wouldn't be free as I'm busy with an exhibition.

Could you provide me with your bank account so I could TT the funds over to you. You could just email me the receipt or snap shot.

For your bicycle you will be going to repair or?

Because I'm unsure about how bicycle works :( sorry

Are you feeling better?

Can, i will write here my bank account details. What's your email address? Or do you use Whatsapp?

I will go and check the condition of the bicycle tmr. It's still at Bedok. Maybe first i will push it to a nearby bike shop to see if it's fixable. If it's, can i send you this bill too?

I'm feeling better. Lol the doc gave me lots of painkillers.
