CONTINUATION OF REPORT

Brief Details.

On the above mentioned date, time and location, I was driving my car bearing the said registration plate number heading towards Targore Lane. My car came to complete stop behind one car as the other car was about to make a right turn. As I was unable to move forward, I waited for the chance to move off.

Suddenly, I felt a bump coming from the back of my car. I then got down of my car to make a check. At the point of time, no one was injured however my passenger later went to seek medical assistance and was given 5 days MC. This is the first time such incident happened to me and there is no in car camera installed in my car.
