Brief Details.

On 28/03/2018, I went in to my car SKH9565E, and started the engine. From a stationary position, I drove out of the slot and head towards the T-Junction of the carpark, before turning right. I stopped at the T-Junction of the carpark and then signaled to the right, which is towards the exit of the carpark. I checked my surroundings, including my blindspot, and already noticed a car in a lot, with the hazard light on. So I turned to the right and suddenly felt an impact coming from the left side of my vehicle. After I felt the impact, I realized that I have a collision with the car that has the hazard light on, and I immediately stopped my vehicle and alight from my car.

I exchange particulars with the driver and left the scene. No ambulance or police were at scene.

I am lodging this report as I was given 3 days of Medical Certificate by HealthLink Family Clinic & Surgery, by Dr Maureen Ang from 29 March 2018, and also for my insurance claim.
