Brief Details.

On 9th April 2018 at about 2.15pm, I was driving in my car SLN8196A along the single lane of Ubi Ave 1. Suddenly, one Malay lady in her 30s who was standing outside Paya Ubi Industrial Building, dash out to the road and hit onto the front left side of my car. I quickly stopped my car and rendered assistance to her. I saw some bloodstain on her neck but couldn't spot any other injury. I asked her if she need any ambulance but she insisted that she don't need.

I then drove my car forward and offered to drive her to a nearest police station to make a report but she informed that she wants her husband to tag along who is at Ubi techpark. I then drove her into Ubi techpark. I waited for her for about 15 minutes but she did not return, I've tried to look for her as well but to no avail.

I wish to state that I had in-car camera that had recorded the accident. I tried to asked for her contact detail but she refuses to give. As a result of this accident, my car front left headlight cover was broken and bonnet was slightly dented. I am lodging this report for insurance claiming purposes.
