### Dear Yvonne,

- According to repairer, due to this high end car, the insured is very particularly of performance after the repair, the repairer is not so confident of repairing the vehicle at \$100K. They only present the supplementary after the insured took over the vehicle lead to satisfactory condition, thus no faults and error codes appeared during diagnostic test then submit the final supplementary list.
- Informed by repairer car released on 21/12/2018, but the vehicle still back to workshop for follow-up actions.
