**Brief Details.**

On 10/04/2018 at about 1920hrs, I was driving my car with Malaysia registration plate number JKU2465 along SLE(BKE) after Lentor Avenue on the first lane. While I was driving, I noticed that the cars in front of me, on the first lane, had stopped and thus I also stopped my car upon approaching. I had observed that there was a car behind me, which had also stopped behind my car. Suddenly, I felt a collision on the back of my car. By then, the cars ahead of me had all moved off and I had not hit any cars.

I then made a check and noticed that there was a chain collision. The car behind me (second car) bears a Singapore registration plate number SJK4436Z. Behind the car, there was another car with Singapore
