Hi Bevan,

Please maintain our offer at 50% contribution for the following reasons:

1. According to the video, our insured driver merely slow down but did not come to a stop, as the car in front is slowing down.
2. This is single lane road, your client should not go against the traffic flow. It is obvious that there is oncoming vehicle from the other side of the road and your client should not recklessly overtake our insured vehicle. Conversely, your client should slow down and follow our insured vehicle.
3. Furthermore, your client has a better view of the traffic in front, but no evasive action was taken to avoid the accident. From the video, your client seeing our insured vehicle slowing down, did not slow down but accelerate instead to overtake our insured vehicle, which caused the accident.

Solely for fast and amicable settlement, please assist to offer TP as follow:

Cost of Repair	:	\$	2,500.00	As per surveyor's finalization
Loss of Rental	:	\$	650.00	5 days @ S\$ 130/day
		\$	3,150.00	
At 50% Contribution	:	\$	1,575.00

Based on the video footage, our insured have slowed down due to the vehicle in front of him. TP upon seeing that our insured slowing down he impatiently tried to overtake without anticipating our insured who swerve out trying to overtake the front vehicle.

In view of the above, we opined for amicable settlement to settle TP claim at 50 % as both parties should exercise greater caution.

Without Prejudice

Dear Erwin,

We refer to your email below.

We regret to inform you that we have our principal instruction to maintain 50% to your client claims:

1. According to the video, our insured driver merely slow down but did not come to a stop, as the car in front is slowing down.
2. This is single lane road, your client should not go against the traffic flow. It is obvious that there is oncoming vehicle from the other side of the road and your client should not recklessly overtake our insured vehicle. Conversely, your client should slow down and follow our insured vehicle.
3. Furthermore, your client has a better view of the traffic in front, but no evasive action was taken to avoid the accident. From the video, your client seeing our insured vehicle slowing down, did not slow down but accelerate instead to overtake our insured vehicle, which caused the accident.

Solely for fast and amicable settlement, ^{we} please propose settlement as follow:

Cost of Repair	:	\$	2,500.00	As per surveyor's finalization
Loss of Rental	:	\$	650.00	5 days @ S\$ 130/day
		\$	3,150.00	
At 50% Contribution	:	\$	1,575.00	
LTA/ GIA Search Fee	:	\$	-	
Total	:	\$	1,575.00	

Kindly confirm acceptance.

Kindly note that this negotiation between parties on this matter is purely on a without prejudice basis with the sole intention of resolving the matter amicably without parties resorting to legal proceedings. No admission of liability, whatsoever, should be deemed / inferred from this negotiation of terms/settlement.

In the event of new evidence being discovered or subsequently produced by either party that will materially affect/influence on the issues of liability/damages, either party is not bound, thereafter, by the negotiation terms/settlement.

Best Regards,

Hi Bevan

without prejudice

Please refer to our telephone conversation.

We are not agreeable to the 50% compensation due to the following.

1. Your client vehicle has came to a stop at the left extreme so our client overtook.
2. Your client did not signal his intention to filter out, did not check his blind spot before overtaking the vehicle in front.
3. Our client's vehicle damage was from the middle to the back passenger door and not the front bumper of the vehicle. That means our client has already overtaken with 50% of his vehicle ahead of your Insured's vehicle.
