Brief Details.

On the 20/04/2018 at about 1920hrs. I was driving my vehicle, GBE5476C, along Marina Coastal Expressway (MCE) towards Changi Airport, I had 5 passengers with me and they are all my worked. While inside the tunnel of MCE, the traffic was heavy, thus traffic movement was really slow. All of a sudden, the front of vehicle, YN1223Y, collided onto the rear of my vehicle while I was driving at a slow speed. After the collision, vehicle YN1223Y tried to switch lane and overtake me, he collided onto me once more while doing this. After which, he parked his vehicle at the left side of the road. I wish to state that this collision caused a chain accident. My vehicle hit onto vehicle SHA7346G which was in front of me and SHA7346G hit onto vehicle SLK8690E which was in front of him. I was shocked due to the accident however everyone was conscious. Ambulance arrived shortly and I was conveyed to Singapore General Hospital (SGH) as I felt pain on my neck and stomach area. I was given a total of 4 days of MC. I wish to state that one of my passenger Bhupinder Singh was also conveyed to SGH together with me. He informed me that he felt pain on his arm and back. He is currently warded at SGH and had just finished a surgery. I did not take down any particulars as I was conveyed by ambulance. The other passengers also informed me that they suffered some pain due to the accident, hence, I advised them to seek medical treatment and they acknowledged. Therefore, I am lodging this report.
