Brief Details.

On the above mentioned date and time, I met with a traffic accident along Sengkang east way and Rivervale crescent. I was on the extreme left lane, driving forward towards Punggol. The traffic light at the junction was red at the point of time. The lorry that had the accident was side by side with my vehicle but I was slightly ahead of the lorry. When the traffic light turn green, I drove forward, when all of a sudden, the lorry hit my motorcycle (FBD2276M) from behind, the lorry's left mirror hit my motorcycle's right mirror. I was ahead at least one car length clear of the lorry. There was a bright light when I saw my right mirror as the lorry driver was approaching me very closely. When I look up, we have already collided. This resulted in my motorcycle swerving towards the front and hitting the curb on the left lane. The resulting collision, left me lying on the ground and sustaining injuries to my right elbow and right feet. The ambulance was at the scene and I was conveyed to Khoo Teck Puat Hospital. There were quite a number of vehicles who saw this accident. The traffic police called me to inform me that my motorcycle was with them and I needed to collect my motorcycle as soon as I am able to do so. I have four days of Medical Certificate and I was discharge from the hospital on the day itself.
That's all.
