Without Prejudice

Dear Mandy,

We refer to the below email.

Please be informed that our principal had further reviewed the matter and based on the available information and evidence provided, our principal is in the view that our Insured Driver is not liable of this accident.

Our Insured reported that he was within its lane when making a turn and that your client reported that he was overtaking him when the accident happened.

As such, we have our principal's instruction and we are unable to look into your client's claim.

Thank you.

Dear Joel,

We refer to your below email.

I apologize as the email I am preparing is still in my draft folder and I overlooked to send the email previously.

Anyway, with regards to this matter, we had spoken to the Insured Driver where he insisted that he is not at fault for this matter. Insured Driver however, does not have any evidence to support his claim.

We are of the view that our Insured Driver may not be liable of the accident. Our Insured Driver reported that he was driving along the lane and was making a turn when hit by TP vehicle that was overtaking and was travelling against the flow to also turn at the junction. TP repairer informed that they do not have any evidence to support their client.

In view of the above, please advise if we can proceed to offer a 50/50 settlement in view of conflicting versions or to deny their claim since TP was overtaking Insured vehicle as report.

Thank you.
