Hi Shawn,

We refer to the email dated 03.05.2018.

Insured mention that there was no video footage capture at the time of the accident, however he would not able to recall if he did collided into third party as the vehicle ending position of his vehicle was at the kerb.

Third party do not have any capture at the time of accident, however they mention that there was a patient and nurse in the vehicle at the time of accident.

Therefore we are of the opinion that the liability is not in our insured favour.

Please kindly advise.

Thank You.
