“WITHOUT PREJUDICE”

Dear Cecilia,

### **ACCIDENT INVOLVING VEHICLES SKQ 6345X AND SHC 8346P ON 04/05/2018**

We refer to the above matter.

We are of the opinion that this is a case of **conflicting versions**. There is no conclusive evidence yet to substantiate either party's version. Below is a copy of our insured's accident statement for your perusal.

We are in a course of investigating into the circumstances of the accident. After verifying further with our OI we will revert with our opinion on the cause of the accident. Kindly do not refer to any party for legal assistance until you heard further from us.

As such, we would like to request for the **video footage/ evidence** your client have to support your claim.

**DESCRIBE CIRCUMSTANCES OF THE ACCIDENT**

It was at night after a heavy rain. The road was wet. Having checked for traffic and turning left onto Compassvale Walk (from carpark access road), car B hit me from behind. I did not see vehicle B coming was because the headlights was not on and the road was dark.

\*During confrontation: The driver from vehicle B claimed that he was not FEELING WELL. He was Sick therefore the head headlights were not on. Kindly take this as a reconsideration as I was with my children (10 yrs + 8 yrs). By not switching on the lights after the downpour might also caused danger to us on the road. He was side at that point might and definitely affect the outcome. He doesn't want to provide his information on the spot too. He was very unresponsive at the point of time whereas I HAVE 2 CHILDREN IN MY CAR.

Thank you.

Best Regards,
