CONTINUATION OF REPORT

Brief Details.

On the 5/5/2018 at about 1330 hrs, I was driving my vehicle (WWH9682, vehicle B) on the first lane along PIE towards Changi Airport, near Stevens Rd flyover. The vehicle in front of me (SKK5089Z, vehicle A), suddenly did an emergency brake and I managed to brake in time as well. Suddenly, I felt an impact from the rear of my vehicle and it caused my vehicle to move in front and knock onto the rear of vehicle A. I came down from my vehicle and I saw that a chain collision happened. The driver of the vehicle behind me (SGR866R, vehicle C) said that he could not stop in time and collided onto the rear of my vehicle. There was another vehicle (SKU8231G, vehicle D) behind vehicle C and the driver of vehicle D said that he also could not stop in time and collided onto vehicle C's rear. After that, I took pictures of the vehicle plate numbers of the other vehicles and also of the damage on my vehicle. My vehicle has a huge dent on the rear portion and the front left mudguard is loose.

I am lodging this report as my vehicle is a Malaysian vehicle. There is pain around my neck and back but I have not seen a doctor yet. There were no police or ambulance that came down to the scene.
