GENERAL REMARKS

The survey was conducted at Blk 3007 Ubi Road 1, #01-440, Singapore 408701.

We have thoroughly inspected the damaged vehicle and examined each and every part(s) listed in the repairer's estimate against the damages found on the vehicle. We have list the breakdown, findings and our recommendation as per schedule attached.

Generally, the vehicle sustained impact at the rear portion and the damages appeared to be consistent as per the accident report form. Please see the attached schedule and photographs for details.

Assessment / Recommendation

The repairer has submitted a repair estimate of **S\$15,897.20**. Our assessment for a reasonable repair cost is at **S\$12,179.00**.

However, taking into consideration the availability of OEM and/or second hand parts and to economise repairs, we would recommend the repairs to be carried out on a **Lump Sum Basis**.

Conclusion

The repairer has agreed to undertake the repairs at a **Lump Sum Basis** of **S\$10,350.00 Nett** (subject to GST if applicable).

We hereby revert the matter to you for your decision.

Assuring you of our best services always.
