RE: Statement of Incident on 27/05/2018

On 27th May 2018 around 5.15 pm, I was travelling along Marina Boulevard and made a left turn from the 2nd lane on to Sheares Avenue. During the turn, I noticed 2 vehicles in the junction which appear to have been in an accident. The accident was in line with the 2nd lane from the left of Marina Boulevard which is a left turn only lane.

The black car (SKM461D) was facing about 45 degrees to the left which I assume was turning left as there are 3 left turning lanes from Marina Boulevard to Sheares Ave. The taxi had impacted the left rear portion of SKM461D. The taxi's angle was almost parallel to Marina Boulevard.

The reason why I knew the black car belonged to Jimmy was because when I was making the turn to Sheares Avenue, I did it slowly due to the accident and I saw Jimmy coming out of the black vehicle and walking towards the stationary taxi.

A handwritten signature in blue ink, appearing to read 'Cho Kyung Hoon', followed by the date '26/6/2018' written in a similar style.
