Dear Bernard,

ACCIDENT ON 20/04/2018 INVOLVING VEHICLES SKT 6110R AND SLS 4731E

We refer to the above matter.

TP reported that he was driving along Outram road on the left most lane and suddenly OI from right lane come into his lane and collided onto his vehicle.

OI reported that he was driving straight and slowly. Suddenly TP side swipe to his vehicle.

Meanwhile, we had requested the evidence from TP. However, TP do not have any evidence to support their client's version.

After reviewing video footage from insured and report from parties, we are of opinion that our insured was travelling along within in his lane and TP encroached into our insured lane..

As such, we intend to reject the claim and kindly let us have your instruction / approval please.

Best Regards,
