Brief Details.

On 05/06/2018, at about 2200hrs, I was driving my company lorry (GY8932T, gold Nissan) along PIE (Tuas) heading towards CTE on the left-most lane as I was proceeding to join CTE exit on the left. I was driving at about 25km/h when suddenly there was a huge impact from my rear, causing my vehicle to jerk forward. My vehicle then came to a stop and I got out of my vehicle to make a check. I discovered that a yellow Chery motorcar (SJJ9017Y) front bumper had collided into my rear. Due to the collision, the left rear bumper of my lorry was heavily dented and the left rear headlight was heavily damaged. The Chery motorcar sustained massive dents on the front right side of the motorcar.

I spoke to the Chery driver who informed me that he could not brake in time and therefore caused the accident. He wanted to give me some money for the accident to make personal repairs however, I spoke to my boss about the accident and was instructed to make an insurance claim instead. We exchanged particulars and contact details and took photos of the accident. At this time, a driver (LEE ZHI YUAN) came to assist me. No one was seriously injured, no Police or ambulance came down to scene and no government property was damaged. I believe there was no CCTV installed at the incident location and both vehicles involved were not installed with any camcorder.

The Chery driver managed to get towing services for his vehicle while I drove off to Mount Alvernia Hospital where I was given outpatient treatment and certified a 6-day MC (Ref: M18008051) as I feel some pain in my neck and back area. I am lodging this report to facilitate my insurance claims.
