Dear Bernard,

ACCIDENT INVOLVING SLE 4262R (Insured) & SLZ 937T (Third Party) ON 09/06/2018 ALONG KALLANG LEISURE PARK CP

We refer to the above matter

The third party reported that he driving along Stadium walk after exit from Indoor stadium. OI exited from the CP of Kallang Leisure mall hit onto the rear left of TP

Insured reported that he was queuing to leave Kallang Leisure CP, TP suddenly jam brake OI quickly hit onto his brake to avoid the accident.

We had spoken to Insured driver where he confirmed that at the material time, he was travelling at the said location as reported there is no contact with TP. OID strongly dispute there is contact between both vehicle.

Based on the circumstances of both parties and available information in hand. Based on TP's video (upload via merimen) , we are unable to see any contact between both vehicle.

Kindly advice on your view/opinion/instruction for this claim.

Thank you

Best Regards,
