Dear Bernard,

We refer to the below email.

The Insured reported he was travelling within lane when TP vehicle encroached into his lane. Insured Driver further mentioned that he got video footage, however, till date, we have not received any feedback from Insured Driver about his video footage and his claim update against TP.

The TP driver reported that he was filtering lane at the junction when Insured vehicle from the minor road turned left and collided to his filtering bus. However, TP repairer confirmed no video footage available for this accident.

In view that TP driver confirmed he filtered lane and does not have any video footage to support his version, we would like to deny the TP claim.

For your approval and/or further instruction please.

Thank you.

Best Regards,
