Without Prejudice

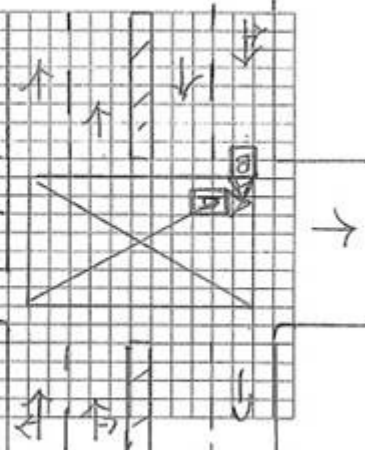

Dear Jeffrey,

We refer to the above matter and to our telephone conversation earlier.

As requested, below is our Insured's driver statement for your reference.

Sketch Plan Pg. 2

SKETCH PLAN

A - SHC26354	Stadium Walk	
B - SKJ8943T	X Stadium Crescent	
DESCRIBE CIRCUMSTANCES OF THE ACCIDENT		
Refer to Report No T/20180624/2072		

Brief Details.

On 23/6/2018 at about 1545hrs I had just alighted a passenger at the Singapore Indoor Stadium. I am a cab driver driving COMFORT cab bearing number (SHC2635U). I then exited a gantry and before moving off to the main road along Stadium Walk, I checked both sides if there was any oncoming vehicles. I decided to move off from the gantry after ensuring there was no other vehicles oncoming. As I began to drive off towards Kallang theater, suddenly a car (SKJ8943t) from my left side hit onto my cab. I was in a state of shock and after a minute or two I alighted from my cab to check what had happened. My left knee had some blood but I am not sure what had hit on. The other car had hit onto mine and had mount a kerb nearby due to the impact of the collision. The female driver in her early 30s believed to be Chinese national then, came up to me and inform that she did not see my cab exiting from the gantry thus had hit onto mine. The driver's parents whom were the passengers of the car also apologized to me saying that they did not notice my car. I experience some numbness and pain on the back of neck and left leg. Ambulance then came to my spot and subsequently conveyed me to Tan Tock Seng Hospital. I was discharged on the same night and was then given 2 days MC by the doctor. A traffic police IO then called me to lodge a report in regards to this incident. I believe my cab was towed away by Traffic Police. I am not sure of the repair cost at this moment and I have already informed my COMFORT company. There is an in-built camera in my cab provided by my COMFORT company.
