## CONTINUATION OF REPORT

Brief Details.

On the 19 June 2018 at 2.30am, I parked my family vehicle registration number: SLC994Z at the carpark (Y-16) at Block 232 Yishun Street 21 at carpark lot number: 204A.. All was in order before I left for home. On the 19 June 2018 at about 9.00am, when I returned back to the vehicle, I discovered the front right lower bumper was damage and there was some scratch marks at the same damage area which had blue coloured paint marks on it.

Upon checking the in-car camera, it showed a blue coloured vehicle (blue coloured comfort-taxi vehicle) had reversed and the rear right of this vehicle had collided on the front right lower bumper of my family vehicle. I would like to state the in-car camera image is not very clear and the registration number of the said comfort vehicle cannot be seen clearly.

I have made a check with Housing Development Board carpark department to assist me to check the gantry of vehicle exit/entry, however I was informed to lodge a Road Traffic Accident first, as such I am lodging this report to forward to them for assistance to release the comfort taxi vehicle number in order to claim insurance.

At this juncture, I have not sent the vehicle to the workshop for repair and as such I am not sure of the repair damage.
