DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was driving to Turf City to drop off my son at the taxi stand where his school principal would be waiting to fetch at the taxi drop-off. However, the principal was not there, as it is a single-lane and one-way street, I could not wait there and block the road. I proceeded forward with the intention to circle the building and come back to the taxi stand again to drop my son off. While trying to make that circle, my car got wedged onto something. I opened my car door and saw a concrete block which was fully submerged under water, as it was raining heavily. To minimize damage to my car, I decided to wait and call a tow truck. In the meantime, 2 other taxis faced the same predicament. The taxis also got wedged on the concrete block next to my car. However, they forcefully made their way through. As I was waiting for the tow truck, I could see the water rise and seep slowly into my car. When the tow truck arrived, the truck driver managed to jack my car up and release it from the concrete block. The driver told me that I could drive my car home. However, as I exited Turf City and drove on Eng Neo Ave, my car started to jerk violently, and I could see smoke coming out of my bonnet. My car jolted to a stop. I called the same tow truck who had just left minutes earlier, to tow my car to Mini.

DECLARATION
