Brief Details.

On 09.07.2018 at around 6pm, I parked my car (SLA5454T) along the roadside of 205 Upper Thomson Road after which I went to the Pasta J restaurant to dine with my family. At around 8pm, I went back to my car and we drove back home. Today at around 8.30am, my husband discovered fresh damages around the rear right bottom portion. We then viewed our in-car camera video footage which revealed that at around 7.05pm, one vehicle (SKU5916J) colliding into our vehicle. The vehicle stopped a while before driving off. The driver did not step out of the vehicle nor left any note behind. Therefore I am lodging this report as a case of hit-and-run.

I have a copy of the video recording.
