Dear KC, We refer to your message. Please be informed that till date, we have not received any feedback from TP repairer since our last email dated on 22/10/2018. Our Insured Driver reported that there was no contact between both vehicles and TP was not able to provide any evidence to support their claim. In view of the TP repairer's inactivity, we would like to close off the matter and submit our WP report. Thank you. - Vic LKK (14/04/2020)
