Brief Details.

I was driving normally when the car in front slowed down, I slowed down as well but the police car behind me didn't manage to slow down in time and crashed into my car. This was the first bang. The car behind the police car also couldn't stop in time and banged into the police car which then caused the police car to bang into me a second time.

We were travelling on boundary road and 1 van, 1 police car, 1 car was involved in the accident.

I had a video camera that was capturing everything but it was taken by the traffic police for further inspection
