Dear Vic

I refer to your letter of 6 August 2018 (bearing Singpost's stamp dated 13 August 2018) on the above matter.

Please note that all the relevant documents/details relating to the motor incident on 29 July 2018 had been submitted online to AIG. This includes a USB thumb-drive containing video footage of the incident which was mailed to AIG's office on 6 August 2018. As such, you may wish to check with them if you have not received any of the above.

Meanwhile, could you update the status and outcome of your investigations and how much the counter-party is claiming for?

Thanks.
