Subject: RE: GBD 5548J-DOA: 31/7/2018 (MSIG OD)

Dear Veron,

Below is the reason:-

-There is no specific part for the rear freezer panel shown in the Audatex to be indicated for the damaged area, this will created a lot of inconveniences for both at our ends to get the repair done as soon as possible as owner required his truck back for work

-There is no ready stock for the fuel tank , If we were to indent and order the part from japan, this will takes at least more than a month

-The rental of a freezer box truck at least cost \$180- \$200 per day , if the repair was to proceed with part by part , the repair will be extended, that will at least cost him quite a sum of money on rental itself

-MSIG is always chosen by owner as the preferred insured company , and we hope MSIG can take into consideration of helping owner to solve his problem and get the repair done at the soonest.

Thanks.

Regards,
Esther
