Dear Rose/Linda,

We refer to the above matter and our tele conversation on even date.

We have reviewed the circumstances of the incident and we are of the opinion that your rider is more liable by overtake our Insured from the right. our Insured driver was travelling on a single lane and your rider clearly stated that our Insured indicate right signal on, however, your rider still overtake from the right and causing the collision.

Below is your rider statement and attached herewith our insured statement for your kind attention.

**Brief Details.**

On the 01/08/2018 at about 0930hrs, I was riding my motorcycle (FBJ2912D) along Simei Street 1 towards Simei MRT. There was a taxi (SHD4822C) in front of my vehicle. I noticed that the taxi had the right signal light on. The taxi then swerved to the left and was slowing down. I was confused by the taxi action. As I was about to pass by the taxi on the right side, the taxi made a sudden right turn to the right towards Blk 123 Simei Street 1 carpark. I applied the e-brake and subsequently skid with my motorcycle. My motorcycle did not hit onto the taxi. There were no damages to the taxi. Another motorcycle rider had a camera on his vehicle. He had witness the incident. There is a video recording of the incident. His name is Azri of contact number 94890852
