Dear Sirs,

### **ACCIDENT INVOLVING SJY 8401Z(OI) & YP 4218H(TP) ON 17/07/2018**

We refer to the above matter.

Third party reported that he was on the 3<sup>rd</sup> lane of 4 lanes road. Our insured was on his left. When the traffic light turned green third party moved forward to make a left turn as his vehicle is long. Our insured wanted to make a left turn and both vehicles came too close and resulted the collision.

OI reported that he stopped and waiting for traffic light at lane 1. When the traffic light turned green, he moved slowly to make a left turn. Suddenly third party who was on his right had turned left and resulted the collision. Please note that third party was on the lane which only allow to go straight.

We attached here with a copy of accident location from google map. Third party was on the 2<sup>nd</sup> left lane and he is not supposed to turn left.\

In view of this, we are intending to reject third party claim.

**For your comments/ instruction please.**
