Brief Details.

On 15 August 2018 at about 1340hrs, I was driving along CTE at the most left lane. Right before Braddell exit, the vehicle in front slowly come to a stop and subsequently I also stop. However, after stopping my vehicle, I heard a loud impact from my rear and afterwards my vehicle was moved forward due to the impact and end up hitting the car in front of me.

I came down to make a check on my vehicle and the drivers who were affected. The vehicle in front of me bearing registration plate number SDY2903C received a minor scratch at the rear bumper. However, the driver was in a hurry for a meeting and states that having his plate number is good enough for me to follow up with him and I acknowledge.

The driver behind my vehicle bearing registration plate number GBG9671T received a dent at the front of the bumper.

I managed to exchange particular with the driver behind me. I wish to state that I received 3 days MC due to the incident. My passengers, both my mother and my wife, both received 5 days MC and 2 days MC respectively. There were no traffic police or ambulance at scene. There is also no government properties
