ASSESSMENT SUMMARY

The damages sustained on the vehicle were thoroughly inspected and every item that was mentioned in the repair estimate against the actual damages found on the vehicle. Before we arrived at our recommendation as to whether the parts needed to be replaced or repair.

We have listed the breakdown of our finding and our recommendation as per schedule attached.

Our assessment to reinstate the vehicle is **\$7540.92** revised amount of the repairer's estimate of **\$10026.40**. The aforesaid recommendation, in our opinion, is fair and reasonable for the restoration of the vehicle to its pre-accident condition.

However, after taken into consideration the age and condition of the vehicle and the availability of the recondition components and to economize the repair, we therefore recommend a contract **Lump Sum at \$6050.00** corresponding to supply of parts, labour and spray painting charges.

42 photographs were taken at the times of static inspection.

Under normal circumstances, the repairs should be completed within a reasonable period **05** full working days

This inspection was conducted entirely on a **'Without Prejudice'** basis and we have not given authorization and instruction to the repairer to proceed with the repair.

We are reverting the matter to you for your discretion.

Very truly yours
