# Brief Details.

On the 31/08/2018 at about 7:30am, I was driving my vehicle(SKZ1657G) into Singapore from Johor Bahru when the traffic was heavy and vehicle was slow moving. After I cleared the Malaysia side customs, the traffic was slow moving and my vehicle had already slowed down to a stop when I felt a impact from the rear of my vehicle and I heard a loud bang from the back. I then realized that the vehicle(JQV9351) at the back had collided onto the rear of my vehicle causing dent to the rear bumper of my vehicle causing the bumper to be almost falling off. The other vehicle(JQV9351) front bumper was also dented from the accident. We then proceeded particulars with one another and took photos of the accident and left shortly after. We then agreed to lodge a traffic accident report for insurance claims.

I wish to add that the accident happened when I was still at the Malaysia side of the customs. I am lodging this report for insurance claims purposes.
