

MOTORCAR ACCIDENT REPORT WITH NO INJURY

On 4 Aug 2018 at around 2.05pm, my vehicle - Suzuki Swift Sport with car plate no: SJT6395Y collided with another vehicle Mazda 6 with car plate no: SJE1852G at open carpark of Blk 320 Jurong East Street 31. The accident happened after I have alighted a friend's son at open space carpark just before Blk 320 (not our usual drop off location due to a Casket service going on at Blk 320 on the same day). My vehicle stopped there for few seconds before moving on and the accident occurred at this moment. The driver side of my vehicle collided with another vehicle Mazda 6 with car plate no: SJE1852G causing damage to the passenger rear door. Please find pictures of the accident.
