Brief Details.

On the 07/09/2018 at about 2340hrs, I was riding on my vehicle - One Maroon Piaggio Vespa XP200 (Registration Plate Number: FC8821H) along the cluster of Hougang Avenue 9 (Blk 933A). As I was riding straight, one vehicle - One white Honda Vezel (Registration Plate Number: SLM722P) wanted to turn into the pick up point of Blk 933A Hougang Avenue 9. The vehicle collided into mine while turning into the pick up point. As a result, the right side of my vehicle was smashed and was unable to move. The other driver - Mr Phuah Ee Leng (NRIC: S1804068I, H/P: 98535002) claimed that the damage on the other vehicle is that the front right hand region and is unable to move. I wish to state that the other vehicle driver did not signal when he wanted to turn into the pick up point. I felt that I had the right of way.

Upon collision, I flew quite a distance. The driver came out of his vehicle to make a check on me. I informed him that I did not require medical attention. I stood up and made a check on my vehicle. We and the driver exchanged particulars. I had then picked up my vehicle and felt pain on my right shin and knee region. We both agreed on making a report with our respective insurance company. I then pushed my vehicle to the nearest carpark and then proceeded to Sengkang General Hospital to get myself checked out. The driver of the other vehicle waited at the incident location for his own arranged assistance.

I was given a Medical Certificate for my injuries. I was given light duty (exempted from exercise) from 08/09/2018 till 14/09/2018. I am not sure whether the other vehicle driver had any injuries. There is no in-built camera on my vehicle but the other vehicle had an in-vehicle CCTV which might have captured the incident. I am not sure if the vicinity of the incident location has any CCTV which may capture footage of the incident.

I am lodging this report for insurance claims purposes.
