Dear Thin Thin,

thank you for your email.

I am surprised to read how taxi drivers can get away for big amounts by misusing not logic laws that a car parking in or out of a parking lot have no rights.

The damage for my car which is a European top brand to fix/paint the entire front bumper costs me less than SGD 400.

I don't know what the counter party is claiming for but it seems that especially impatient taxi drivers can always claim for maximum repair cost.

I am unfortunately not in a position to challenge not logic conditions and are forced to accept such decisions what deeply disappoints me.

Regards,  
Roger
