SKETCH PLAN

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT...

The incident with the other driver Norman Tang, vehicle number SMC4926H happened around 3:20pm. I was parked at Singapore Institute of Management (SIM) carpark C on Level B1 next to a wall marked 'C8'. I slowly rolled out of the lot as the wall on my ~~right~~ ^{right} side was blocking my view of any oncoming cars and there were no blindspot mirrors for me to check. When my vehicle was about 60-80cm out of the lot, the car appeared in my view. I immediately step on my brake when I saw his moving vehicle appear and drive past me. Causing the side of his car to graze the front of my bumper. I understand that the other driver has the right of way, however due to the circumstances of this situation, in order for me to be able to see the other car, it would have to be about 120cm away from my view (see drawing). As he approaches he should have been able to see me first as my van was already jutting out of the wall by 60-80cm. However, he did not slow down or honk at me to alert me that there was someone there. After I stop he did not stop and he continued driving until he was about three parking lot away from me.

DECLARATION

I/We declare the foregoing particulars are true in every respect.
