#### Brief Details.

On 27/09/2018 at around 1600hrs, I parked my vehicle(FX6397T) by the side of the loading/unloading bay of Yew Tee Square / Wet Market. After securing my bike, I left to the barber shop nearby. Before leaving, I made a check and take note to a AETOS vehicle, YP514D nearby. However, I was sure that it can maneuver out without any trouble, thus I left and headed to the shop.

At around 1645hrs, I came back and retrieve my vehicle. I made a check and discovered that my vehicle was damage. The number plate was dented, part of the clutch broke off, exhaust pipe was slightly broken, cover set was broken as well. I suspected that the AETOS vehicle might have hit on to my vehicle and it has already left. I contacted the AETOS helpline and was informed that someone will contact me back.

Subsequently, at around 1730hrs, an AETOS officer called Kharthik contacted me and informed that the AETOS vehicle was indeed the vehicle that collided in to my bike and the driver have also admit to the accident. But the driver informed that only the helmet drop.

At around 1746hrs, I received another call from Kharthik and was informed that driver admitted that the collision cause my vehicle to drop, resulting in the damages.

I then requested for the other parties particular in order to lodge a insurance claim.

I wish to informed that as I tried to ride my vehicle back home, I discovered to be unstable. I suspect that the rim bearing might be damaged as well.
