Sketch Plan

I came from Pioneer Rd North and made a right turn under the Nanyang Flyover to the PIE entrance in the direction to the City. I drove on the right lane at the turn and continued into the PIE entrance! Shortly after the branch (side road) coming from the NTU Campus merged from the left side, I overtook a white truck (YN3312K) driven by Mrs. Chia Poey Ngoh (S1414996A). She was driving on the left lane. After I nearly overtook her truck on the right lane, she suddenly started to change lanes from the left to the right and touched my car's back fender with the front/right part of her truck. She did so, as she had most probably not seen my car and started suddenly to cross from her left lane to the right one. She touched/hit my care with the right front indicator light (see picture) right before my rear side fender (see picture) behind the left back wheel of my car (see picture).

* unknown witness has been in the truck!
