Brief Details.

On 22/09/2018 at about 1135hrs, I was driving my company rented van bearing GQ6946J along Lower Delta Rd heading towards Telok Blangah Crescent where the accident happened. As the traffic was very congested, all vehicles were moving very slow due to that the front portion of my van had hit onto the rear portion of the car bearing SLF7645U which was ahead of my van. After which, both parties stopped and alighted from our vehicles. Both parties then assessed the damaged done towards our vehicles however, drove off. On 07/10/2018, my company received a letter from Traffic Police with reference TP/IP/55327/2018 asking me to lodge a traffic accident report.
