Brief Details.

On 18/10/18, at 8.25em, I was driving along Soundary road and turning towards Lor Chuan Road in my vehicle, C872092, which is a school bus with 10 kindergarten school children and 1 attendant.

At the bend, there was a zebra crossing, so I slowed down. Seeing that there was no pedestrian. I moved off. When I was helfway through the zebra crossing, a cyclist sped in front of my vehicle from the right side of the road, to the left. I heard a soft sound, and I stopped my vehicle. I saw a cyclist that has just fell. The cyclist's rear bicycle wheel touched my left front bumper and he fell. I winded down the window, and checked on the cyclist. The cyclist stood up and appeared to be fine. My passengers were all fine as well. As I was rushing to send the school children to school, and I saw that he was okay, I started to drive off. He then ran after my vehicle and I stopped to speak to him. He took a few photo of my bus and he demanded to know why drove off. I explained that I was halfway through the zebra crossing and he was the one speeding across the road. I told him that I cannot stop for too long as I have to send the children to school, and asked him to wait for me opposite the school so that we can discuss about the issue.

When I was done with sending the school children to school, I went out of the school and saw that the cyclist is no where to be found. I wish to state that there was no damage on my vehicle and no one was injured. The cyclist did not give me his particulars.
