### Describe Circumstances of the Accident

On 10/10/2018 at about 1345 hrs, I was travelling along the first lane of PIE (Jura) near JPE exit in vehicle bearing registration no. SDV 7948 G (S211). It was raining at the point of time and the road surface was wet. I was travelling behind my colleague's vehicle bearing reg. no. SJE 5221 E. Suddenly, I noticed the front car brake. I immediately applied my brakes. I then felt the car behind hit onto my car causing my car to hit onto the front vehicle. The car which was travelling behind me was also my colleague's vehicle bearing registration no. SDX 7695 P (RX 910X). My passenger was not hurt.

We conducted check with all three drivers and passengers and verified that no one was injured. Since none were injured, we drove off to a safe place to assess the vehicular damages. The front bumper and bonnet of the car I was driving was damaged and there was also scratch line at the rear bumper. I also lodged a police report as government vehicles were involved.

That's all.
