Brief Details.

On 25/10/2018 at about 1120hrs, I am driving my lorry (XE4158S) along ang mo kio ave 5 towards buangkok green on the extreme left lane. At the junction of yio chu kang road suddenly a car bearing (SJP3718R) make a right turn on to yio chu kang road toward jalan kayu. I wish to inform that the traffic light was green at the point of time. When I saw the vehicle I was unable to break in time hence the front. of lorry collided onto the left side of the vehicle. I then alighted from my lorry to make a check on the other party. I then called for police assistance.

The damages is on the front vehicle. The other party vehicle left side door was seriously dented.

Traffic police attended to us. F/20181025/107. The driver and passenger was conveyed by the ambulance. I do not have the particulars of the driver and the passenger.

I wish to add on that there are two passenger 1. G3383786R Sabapathy and 2. Nguyen van Linh in the lorry with me at the point of time. I am unsure whether they are injured.
