Dear Joel,

ROAD TRAFFIC ACCIDENT INVOLVING VEHICLE NOS. SKX 9891D (OI) & SKS 5130U (TP) ON 01/11/2018

We refer to the above matter and below.

Third party reported that he was queue in the lane, he decided shift into right lane, while do so, suddenly our insured side swipe into his vehicle from the right side.

OID reported that he was driven straight along the said road, suddenly third party change lane from left side and collided to his vehicle left rear portion.

Based on OI's video footage shows OI was driven within his lane (against traffic flow) and Third Party encroached into OI lane by moving off from the queue.

In view of this, we are intending to reject third party claim as vehicle moving out should exercise Greater Caution.

For your approval/comments/instruction.
