Brief Details.

On 18/11/2018, at around 1745hrs, I was driving along Jalan Eunos Flyover towards Kaki Bukit, and pulled up at the traffic light near Jalan Eunos Interim Park. I would like to inform there were some other vehicles in front and behind of me at the traffic light when I pulled up at the red light. When I was about to drive off when the front vehicle started moving, I felt an impact from the left side of my vehicle, and my vehicle was still stationary before the collision. After the collision, the other vehicle, SHD4921A, pulled up his vehicle directly in front of my vehicle with about 1 car length's distance away. I also got down from my vehicle to check on the damage and noticed that there were scratches on the left passenger door, and the other vehicle also had scratches on the right side of his vehicle. We both came to an agreement to report the matter to our insurance company, and I did not take down the particulars of the driver. However, when I returned back home, I felt some pain on my neck and my lower back, and some numbness on my left hand and left leg, and went to Mount Alvernia Hospital to seek medical attention and was given 3 days medical certificate.

I would like to inform that I do not have any in-car camera installed in my vehicle, and I do not know the estimated repair cost for my vehicle's damages. I would like to inform that I have yet to inform my insurance company about the accident.
