#### Brief Details.

On the 04/12/2018 at around 0100hrs, I was coming back to Singapore from Malaysia. I was driving a rental car (SLX3787A). I was driving my car at a very slow speed due to heavy jam.

There was a Malaysian car JSR 9219 infront of me. As the car was inching forward, I proceeded to inch forward too. However, I did not notice that the car stopped and I hit the car from the back. I came out to inspect the car and discovered that there was a very small dent at the rear center of the car. I exchanged particulars with the driver of the car. We both agreed that we will have a private settlement and I will pay for his car damage. The driver informed that once he goes back to Malaysia, he will give me a call back. We then proceeded on with the journey.

There is a very slight scratch on the front of my car. Other then that, there is no other damages. I do not have any in car camera installed in my car.

I am lodging this report as it has been more then 24hours but the driver as not called me thus I am lodging this for my own record and to prevent any fraudulent claims.
