Dear Gerald,

We refer to your below email.

Third party vehicle is parked between 22/11/2018 – 30/11/2018. Our insured driver mentioned DOA is 30/11/2018 and he admitted his lorry touched something while parking.

Third party had submitted a copy of witness' note(see attached). However the witness did not mention the date of event and which part of vehicle found dent & scratched. Furthermore, no reveal of the witness identity.

Based on our insured report, it seems highly possible that his lorry had collided onto third party's vehicle in the course of reverse parking.

We have contacted our driver Mr Lee Kim Poh to verify the nature of accident. Our driver confirmed that he had hit onto something while he was reversing his lorry into the parking lot. He think that he had collided onto the side mirror but there was no damage when he alighted to check. Our driver did not deny his involvement in the collision.

In view of the above, kindly let us have your comments/ instruction if we may proceed DS with third party.
