Brief Details.

On 03/12/2018 at about 0000hrs, while I was washing my motorcycle, I realized that there was some damages to my motorcycle's side mirror, side box and slider. My motorcycle windshield and headlight is damaged as well. I am very sure that my motorcycle did not drop while I was riding or parking my motorcycle. My neighbour then approached me and told me that he saw someone had hit onto my car at the parking area. My neighbour informed that he was parking his car when he heard a loud banging sound. When he made a check, he realized that someone had hit onto my motorcycle with his car. He managed to note down the car's license plate number. Its a white colour Honda Fit bearing registration number SJJ9249U. This is the second time such incidence happened to me. I will be claiming the damages from my insurance as well.
