Hi Poh Kin,

As discussed on yesterday, kindly proceed to reject the claim as scene photo has shown TPV is in between of both lanes. Hence, our insured's version of TPD making the lane change is more probable.

Thank you.

Best Regards,

Bernard Ler

Dear Benard,

ROAD TRAFFIC ACCIDENT INVOLVING GBE 5215P (OI) & SGB 8680R (TP) ALONG CAIRNHILL ROAD ON 25/12/2018

We refer to the above matter.

Third party reported that he driven along middle lane of the said road, suddenly he felt an impact and realize his vehicle side swipe with our insured from left side.

OID reported that he driven along extreme left lane of Cairnhill Road. When TP vehicle encroached into OI lane from right and collided to his vehicle right portion.

Based on OI's accident scene photo, shows the position of the TP vehicle is in-between middle lane and extreme left lane. We are view that our insured version more creditable.

In view of this, we are intending to reject third party claim.

For your approval/comments/instruction.

Best Regards,

Poh Kin, Chong (Mr) | Case Handler
